~~May Decision Board at The Greene Turtle???~~ and directly helping families and communities for over 25 years. As a developmental psychologist and educational advocate, she is an expert in evidence-based creative and collaborative problem solving. When she sees a problem- she fixes it! That is exactly why we need her fierce, well-informed and bi-partisan style of leadership in Annapolis! In 2015, Michele Guyton was appointed by Governor Hogan to the Maryland State Board of Education which oversees an annual budget of 8 billion dollars, provides oversight to local education agencies, and makes policy decisions affecting public education in Maryland. She has actively worked to bring the needs of the students, teachers, and the community to the forefront of Board priorities. She initiated and chairs the State Board committee on student mental health issues focused on reducing student suicide and sex trafficking in schools. She is currently appointed to 7 State Commissions including several addressing school safety issues, graduation requirements, and adult learning, in addition to an appointment on the Governor’s P-20 Leadership Council. Michele is proud to have a proven record of working across the aisle with Governor Hogan’s administration, the General Assembly and Teachers unions to make the right choices for our students regardless of politics. Michele completed her B.A. in Psychology and Anthropology from Vanderbilt University, her joint M.A. in Women’s Studies and Psychology from Radcliffe College and Brandeis University and her Ph.D. in Developmental Psychology from Brandeis University. She looks forward to serving the community she loves by fighting for District 42B as fiercely as she has fought for her own family and others.” Michele says, “I am NOT a 90 day legislator! I am here for you all year and am honored to work for you and our beautiful part of Baltimore County amplifying your voice in YOUR office in Annapolis!” Thank you, Michele!

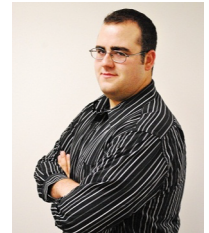

Do take a look at Michele’s website (<https://www.micheleguyton.com>) and Keith’s recording. She has some thoughts about the NCR Trail.... ☺
